## Target area to be evacuated

From 7:00 am until the completion of work, no matter what the reason is, access to this area is prohibited.

## Evacuation shelter

【Precautions & Request】 **From the beginning of June, city officials will visit each house within the area to be evacuated to explain the situation.**

1 When evacuating, wear a mask. If you have a fever or cough, contact the reception desk at the evacuation shelter.

2 If elderly people are living alone in your neighborhood, please talk to them, and help them evacuate.

※ It doesn't matter where you spend your time as long as you go outside the evacuation target area.
